- Bartlett has fed the downtown trees with liquid fertilizer – charge was \$5 per tree
- Update given by Carl Little on current status of grants for 2015
- The garden clubs will be asked if they would like to pay for a sign at Maury Playground for the pollinator garden – Anne Little will contact them
- The redesign of Hurkamp Park will be put on hold due to loss of the volunteer efforts from the landscape architect
- Carl Little will coordinate with Nick Cadwallender on Plant Maps and the relationship with the City
- George St will be replanted with single stem crepe myrtles because of the wires overhead
- Wolfe Street has to have all the trees removed because of severe pruning. Single stem crepe myrtles will probably have to be the tree planted but there is a shortage of inventory at the present
- Mulching standards are starting to make an impact as we give out our info
