

# Curbside Cart Conversion Program

## **BACKGROUND:**

The City is in the process of converting its curbside trash and recycling collection program to a containerized cart service. Under the new program, City trash and recycling customers will be provided one trash and one recycling cart to be used for curbside collection. Both carts will be collected on the same day by different trucks, once per week.

As of the end of October 2015, College Heights, Darbytown, and Mayfield communities are being served by carts. Carts will be distributed to customers in other City neighborhoods in 2016 and 2017 as the program continues to be phase in.

## **DISABILITY SERVICE**

Exemptions to the requirement for placement of carts at the curb for collection will be granted for those for whom this requirement would present an undue physical burden. Persons desiring to obtain such an exemption may send an email to Nancy Segarra in the Public Works office [nesegarra@fredericksburgva.gov](mailto:nesegarra@fredericksburgva.gov) or call the Public Works Office at 540-372-1023 during normal business hours. (The Public Works office is open 8:15am-4:30pm Monday – Friday)
