**APPLICATION FOR
CHANGE OF NON-CONFORMING USE

Definition

A non-conforming use is a land use which does not conform to the prescribed zoning district. The Zoning Administrator may allow a change in a non-conforming use, provided the new use is equally or more restrictive and will not have an adverse effect on the neighborhood in which the proposed use is located.

Approval of a Change of Non-Conforming Use

The following guidelines shall be used by the Zoning Administrator to determine whether a proposed non-conforming use is more restrictive than the previous non-conforming use and whether such a new use will have an adverse effect on the neighborhood in which it is located:

1. The parking requirements and parking spaces provided in reference to the new use.
2. The appearance of the building and site on which the use is to be located.
3. The use, type, area and appearance of signs.
4. The hours of operations for the new use.
5. The lighting provisions for the new use.
6. The landscaping provisions for the new use.
7. The potential increase in vehicular traffic in the neighborhood.
8. The potential effect on the fair market value of neighboring properties.

The Zoning Administrator may decide upon conditions for approval but may also deny such uses as incompatible with existing uses or the surrounding areas.
